

PLAMEN DORA 8 BLACK

The Dora cast iron fireplace is finished with a sleek steel surround in either black or green – adding a touch of timeless, yet traditional design to any space. Despite its traditional appearance, the Dora has an impressive efficiency rating of 81% and an A+ energy class rating. Designed for small and medium-sized rooms, the Dora gives off 8 kW of heat and is sure to keep you warm all winter!

PRODUCT DESCRIPTION

Plamen fireplaces are built to be tough! Each unit is forged from a thick mould of high-quality cast iron – giving them the strength and durability to withstand many winters.

These stoves offer excellent radiant heating for your home, even long after the last log of wood has been added. Being efficient, closed-combustion fireplaces, the majority of the heat is released into the room rather than being wasted up the chimney.

With very impressive technical specifications, these wood-burning fireplaces offer a highly effective, yet economical heating solution. With great attention to detail given to the design and quality of each stove, a Plamen fireplace is an eye-catching addition to any home.

To improve the safety, performance and lifespan of the fireplaces, Plamen uses only high quality, heat-resistant glass. Thanks to the specialised, air-wash glass cleaning system, the soot deposits on the glass door are greatly reduced compared to other fireplaces on the market.

Each fireplace comes standard with a heat protective glove and wood stoker.

ADDITIONAL INFORMATION

Weight	64 kg
Dimensions	38 × 43.5 × 84.7 cm
Material	Cast iron with steel surround
Heat output	6 – 8 kw
Efficiency	81%
Energy rating	A+
CO emissions	0.08%
Combustion technology	Primary, secondary & tertiary combustion
Colour	Black
Fuel	Wood
Flue pipe diameter	120 mm
Flue exit	Top
Ash pan	Slide out tray
Warranty	2-year warranty
Country of manufacture	Croatia
